

Companion Bathing

with you every step of the way

Bathing in
comfort
and style

Designed for you

One of life's great pleasures is relaxing in a hot bath, or easing away aches and pains with a steaming shower.

But it's not quite so enjoyable when you're worried about slipping, or how you're going to get out of the bath. That's why Companion Bathing has specially selected a range of products designed to put the ease and comfort back into bathing at a reasonable price.

Companion's 8 Point Promise

We promise:

- 1 To listen to your questions
- 2 To give you an honest answer
- 3 To only sell you what you need
- 4 To offer you value for money
- 5 To respect you and your home
- 6 To remain as attentive AFTER your purchase as we were before
- 7 To work to the highest safety standards
- 8 To keep our promises

We believe that Companion are the only bathing company to have a published code of practice given to all members of staff (from tele-operators to site surveyors) with detailed regulations to follow in order to achieve and maintain an un-rivalled level of customer service & satisfaction.

Outstanding customer service and professional installation

We're sure you're going to love the bathrooms featured in this brochure, but a Companion Bathroom is about more than having a new shower or walk-in bath installed in your home. Outstanding customer service, with your own dedicated project manager, and high quality installation by time-served professionals are just as important to us as they are to you. We're also always here to help after installation; you can call us anytime on **0800 756 2844**, 24 hours-a-day, 365 days-a-year if you ever have any problems or questions.

“ It's made a massive difference, Eugene can have a shower when he wants and I know he's safe. It gave him his dignity back and it's given me a new lease of life.

Mrs McLaughlin

Easy Access Showers

Companion Bathing offer a wide choice of easy access showers so that you can find the one most suited to your needs and your bathroom.

Whatever your requirements, a specialist surveyor can advise you of the best option for you.

Easy Access Showers The Aire

This entry level easy access shower solution comes in a clean and tasteful white trim with frosted or clear PET glazing. Design completely around the user, the Aire comes in a variety of tray sizes with a generous selection of screens and doors available to compliment any bathroom and to suit any need.

- Ideal for replacing a conventional bath
- Large showering area
- Suits most bathrooms
- Slip resistant base
- In-built floor to ceiling post; for added safety
- Use with either your existing shower or choose a new thermostatically controlled mixer or electric shower

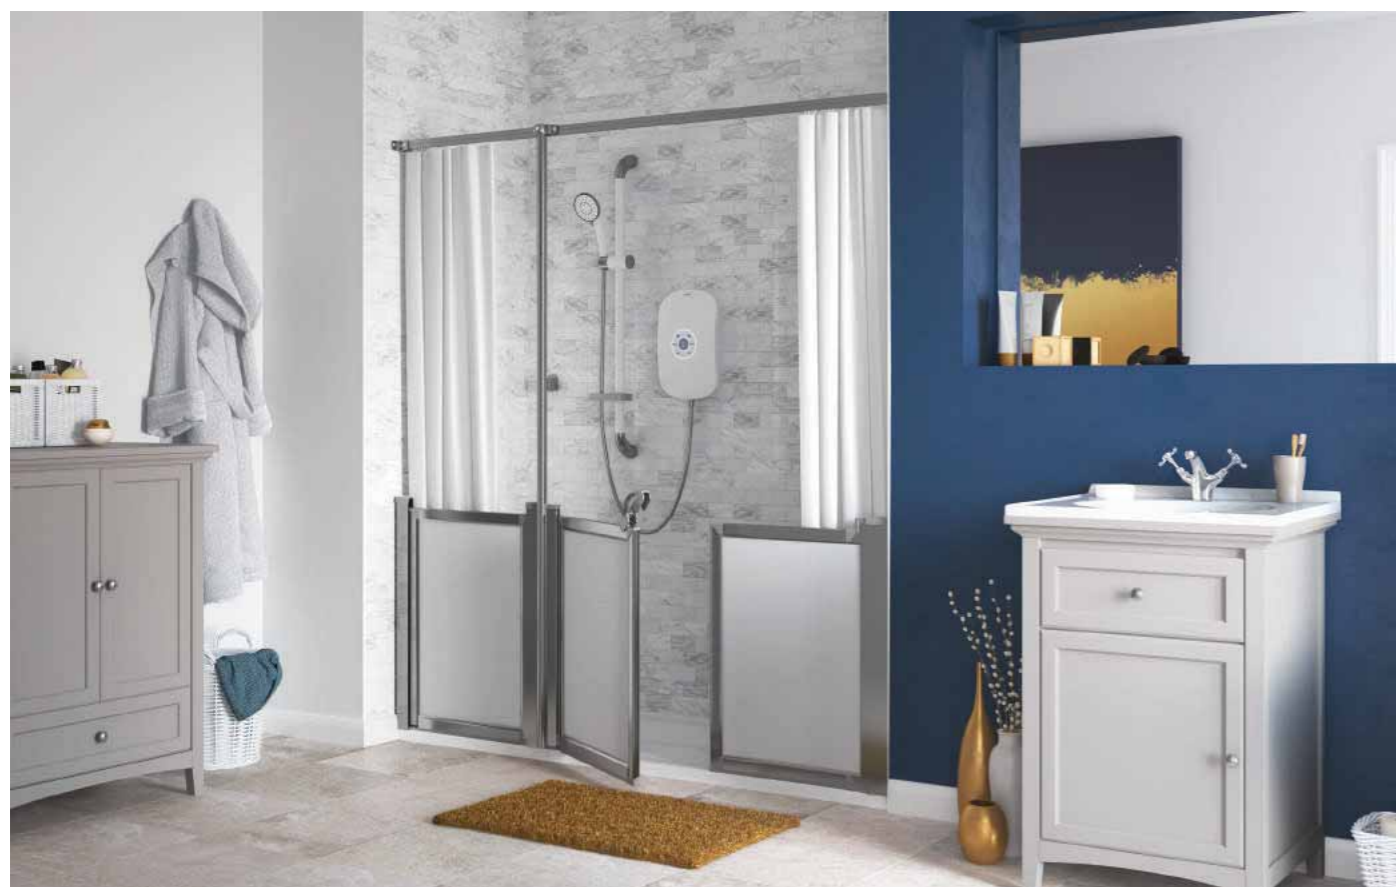

Easy Access Showers The Severn

Featuring the same bespoke design and safety principles as the Aire, the Severn gives you the further option of personalising your walk-in shower in a stylish silver trim.

- Ideal for replacing a conventional bath
- Large showering area
- Suits most bathrooms
- Slip resistant base
- In-built floor to ceiling post; for added safety
- Use with either your existing shower or choose a new thermostatically controlled mixer or electric shower

For more information call **0800 756 2844**

Easy Access Showers The Thames

For the ultimate statement in style, without compromising on ease of use or safety, we have introduced the Thames easy access shower solution. Available in a wide range of toughened glass doors and screens with chrome fixtures and fittings, the Thames adds that extra touch of luxury to any bathroom.

- Ideal for replacing a conventional bath
- Large showering area
- Suits most bathrooms
- Slip resistant base
- In-built floor to ceiling post; for added safety
- Use with either your existing shower or choose a new thermostatically controlled mixer or electric shower
- Sliding doors available

Wet Rooms

For those looking for wheelchair access or in need of a shower solution without a step-in tray, a wet room may be the ideal choice.

With a completely level access showering area and a wide range of screen and door finishes, you can future proof your bathroom without having to compromise on style or space.

Walk-in Baths

All Companion Bathing walk-in baths have been developed to provide a bathing solution that is stylish, practical and easy to use. Whatever your requirements, a specialist surveyor can advise you of the best option for you.

All Companion Bathing walk-in baths are fitted with a temperature controlled mixer tap as standard.

Walk-in Baths The Lune

A full sized, flat base (without integral seat) walk-in bath. Can be used by anyone in the household and fits most bathlifts.

- Conventional, full sized walk-in bath
- Flat base (no seat)
- Low entry point for easy access
- Wide, completely watertight, inward opening door
- Easy to use, with no hazardous catches or operating mechanisms
- Temperature controlled mixer taps as standard

Walk-in Baths The Leven

The Leven walk-in bath comes in a compact design with integral, moulded seat to help maintain an upright position.

- Compact design, ideal for small bathrooms
- Low entry point for easy access
- Available in a choice of two widths (660mm and 750mm)
- Wide, completely watertight, inward opening door
- Easy to use, with no hazardous catches or operating mechanisms
- Temperature controlled mixer taps as standard

Walk-in Baths The Nene

A full sized walk-in bath with integral, low level contoured seat. Allows for easier standing and sitting whilst still letting you sit back and stretch out in comfort.

- Conventional, full sized walk-in bath
- Low entry point for easy access
- Wide, completely watertight, inward opening door
- Easy to use, with no hazardous catches or operating mechanisms
- Temperature controlled mixer taps as standard

Walk-in Baths The Esk

A full sized walk-in bath with an in-built powered seat to rise and lower you in comfort and safety.

The Esk - Down Position

The Esk - Up Position

- Conventional, full sized walk-in bath
- Low entry point for easy access
- Wide, completely watertight, inward opening door
- Easy to use, with no hazardous catches or operating mechanisms
- Temperature controlled mixer taps as standard
- Built-in, powered seat (up/down operation)
- Full battery back up

Frequently Asked Questions

You may have some questions regarding Companion Bathing products and services, we have answered a few of the more common questions below.

If you have further questions, one of our skilled advisors will be happy to answer these, no matter how small, please call on **0800 756 2844**.

Can you give me an idea of costs?

Companion Bathing prices start at approximately £4,000, but the exact price will depend on the products you choose and the layout of your bathroom. The simplest way to determine what the exact price will be is to arrange a free, no-obligation home survey.

What does a home technical survey involve?

A Companion Bathing surveyor will visit to discuss your needs and to identify which products are most suitable for you and your bathroom - now and in the future. The visit and technical survey will take 60-90 minutes and is completely free, without obligation to buy. You will be left with information and a written quotation.

How do I know a Companion Bathing product will be suitable for me?

When Companion Bathing arrive to survey your bathroom, the surveyor will go through a series of questions to find out not only your current needs and requirements, but what will be beneficial in the future. This process ensures that when the product is installed, it is ideal for your bathroom and your specific needs.

Is government assistance available?

You may be eligible for government support to purchase your bathing solution. We recommend that you contact your local authority to find out further details. Please note timescale may vary from one area of the country to another and this is means-tested service.

Is there a guarantee on the bathing products?

All shower trays, enclosures, doors and walk-in baths are supplied with a manufacturer's lifetime product guarantee (please ask an advisor for further details). All ancillary equipment (for example shower chairs, light and heating fittings) and installation work is guaranteed for a minimum of 12 months.

Introducing our Stairlift Range

Our range of stairlift products are specially selected to help you enjoy your independence with complete piece of mind. We have an extensive range of stylish straight and curved, indoor and outdoor stairlifts to fit your home and your life.
